SUPPLEMENT TO  
REPORT NO.

1. Hungarian army units with supplies and equipment have been departing nightly from Budapest by train in a southerly direction.\*
2. An increasing number of Soviet military personnel has been in evidence in Budapest. Hungarian railroad employees say that some 35,000 Soviet troops recently arrived at Keszeg and 10,000 at G8d8118. According to residents of G8d8118, a shipment of 24 carloads of Soviet uniforms was recently received there.
3. A large new airport, similar to that described [REDACTED] is under construction at Vasárosnamény (F06). There are Soviet fighters and light bombers at the Budaors airfield. The airfields at Mátyásföld and Székesfehérvár are crowded with Soviet two-motored light bombers.
4. Men are still being called up for the Hungarian army sporadically, on an individual basis. On 26 August 25 Budapest taxi drivers were called up, to be replaced by women.

\* [REDACTED] Comment: A gradual build-up of forces in the Yugoslav border area seems to be in progress.

\*\* [REDACTED] Comment: The location of the field reported [REDACTED], whose name was dubious, is now believed to be Taszár (A96).
